

Healthcare for every body.

At University Medical Center New Orleans, home of the Rev. Avery C. Alexander Academic Research Hospital, we offer the latest in medical services and cutting-edge research, while training the next generation of healthcare professionals.

As the region's only Level 1 Trauma Center, we play a vital role in treating southern Louisiana's most critically injured patients.

Danny Hardman
Chief Executive Officer
University Medical Center
New Orleans

“Building on a rich legacy, University Medical Center is dedicated to enhancing the health of the communities we serve. With our academic partners, we are training the next generation of healthcare providers, hosting research to find tomorrow's cures, and providing exceptional care for all.”

Our unique history and growth

1736

Founded by French seaman, Jean Louis, Charity Hospital opened its doors to take care of the original settlers of New Orleans.

2013

Interim LSU Hospital joined the LCMC Health system in June 2013 after a public-private partnership reached with the State of Louisiana.

2015

University Medical Center New Orleans opened August 1, safely relocating 131 patients from Interim LSU Hospital to the new, state-of-the-art medical facility in less than eight hours.

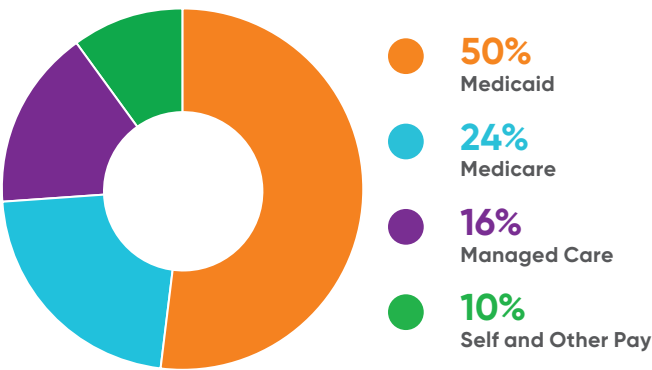

University Medical Center trains over 3,800 future healthcare providers every year
