TNCC™

TRAUMA NURSING CORE COURSE

SEVENTH EDITION

TNCC, widely recognized as the premier course for hospitals and trauma centers worldwide, empowers nurses with the knowledge, critical thinking skills, and hands-on training to provide expert care for trauma patients.

- Rapid identification of life-threatening injuries
- Comprehensive patient assessment
- Enhanced intervention for better patient outcomes

ENA developed the Trauma Nursing Core Course to establish a standardized body of trauma nursing knowledge and to improve the care of all trauma patients. This seventh edition course combines interactive learning with scenario-based assessments to give nurses a comprehensive learning experience.

The 2 day intensive course includes:

A Systematic Approach of Initial Assessment

Nurses learn A-I mnemonic and the Trauma Nursing Assessment.

Evidence-based Content Written by Trauma Experts

24 chapter comprehensive manual with dedicated chapters for special populations.

Hands-on Skill Stations

Nurses practice the systematic approach in real life situations with skilled instructors.

5 Online Modules

Complete case studies taking nurses through an entire sequence of care.

Verification and Contact Hours

RN candidates with successful completion will receive the ENA TNCC 4 year provider verification card. All attendees will be awarded a contact hour certificate with appropriate contact hours. 17.65 contact hours will be awarded for course completion.
